INSPIRING INNOVATIONS. THE SAME RELIABLE QUALITY.

In addition to a number of technical enhancements and innovations, we are focusing this year on one special theme: bathing together. Since a shared bath not only pampers your body, but also does wonders for your relationship, Kaldewei has developed two new baths that combine relaxed togetherness with high aesthetic value. These are joined by two new shower trays with strikingly clear lines and generous dimensions. Thanks to our own enamel production and decades of experience, Kaldewei can guarantee all customers especially high-quality, long-lasting products made of Kaldewei steel enamel 3.5 mm.

SIDE-BY-SIDE PLEASURE. THE NEW PLAZA DUO DOUBLE BATH.

The latest market research shows that bathing together is becoming an increasingly popular way to promote a healthy relationship. There is a very special feeling of harmony and togetherness that comes from enjoying a bath side-by-side. Thanks to its especially generous proportions, its soft inner contours and a form that tapers toward the foot end, the new PLAZA DUO double bath – designed by the Phoenix Design Studio, Stuttgart/Tokyo – is ideally suited for two people to recline next to each other and indulge in a relaxing bath. PLAZA DUO – the new togetherness. Available for left or right mounting. Dimensions: 180 x 120/80 x 43 cm.

LUXURY AND EXTRAVAGANCE YOU CAN FEEL. THE NEW ELLIPSO DUO BATH.

True luxury is having time for yourself. And where better to enjoy it than in the new ELLIPSO DUO? Its soft, elliptical inner contour promises a new sense of security and comfort. The rounded shoulder section and carefully calibrated side walls create a generous space in which to lean back and relax, either alone or with a partner. The ellipse thus formed is strictly geometrical, while the edges show a refined and eloquent flow of line. The new ELLIPSO DUO – luxury that speaks an extravagant formal language, created by the renowned Phoenix Design Studio, Stuttgart/Tokyo. Dimension: 190 x 100 x 45 cm.

THE PURITY OF CLEAN LINES. THE NEW CORNEZZA.

Dimensions: 90 x 90 x 2.5 cm, 100 x 100 x 2.5 cm, 90 x 90 x 6.5 cm, 100 x 100 x 6.5 cm.

A FASCINATING DIALOGUE BETWEEN CIRCLE AND SQUARE. THE NEW ARRONDO QUARTER-CIRCLE SHOWER TRAY.

The ARRONDO has a fine sense of proportions and aesthetics. This new quarter-circle shower tray captivates with its minimalist formal language, based on the successful dialogue between the basic geometric shapes of circle and square. But there's nothing minimalist about the comfort offered by the ARRONDO with its exceptionally large standing area for plenty of room to move when showering. Also available with apron. Dimensions: 90 x 90 x 2.5 cm, 100 x 100 x 2.5 cm, 90 x 90 x 6.5 cm, 100 x 100 x 6.5 cm.

A STRAIGHT LINE TO STYLE. THE NEW MOULDED PANEL FOR THE CONODUO.

The extraordinarily reduced design of the CONODUO bath responds to the desire for bathroom architecture with simple and clean lines. And the new panel for the CONODUO underscores this look of restrained elegance with a one-piece, self-supporting structure that allows freestanding installation of the CONODUO bath. For the ultimate in autonomy and a sure sense of style when designing a bathroom that's one of a kind. Dimension: 180 x 80 x 43 cm.

MORE BATHING COMFORT. THE MULTIFUNCTIONAL CUSHIONS.

What could be nicer after a hard day than to lie back in the bath in the evening and simply let all your cares drift away? The new multifunctional cushions from Kaldewei add even more comfort to your relaxing bath, offering you three different options: as a footrest or placed below the thighs, they keep you from sliding downward in larger baths; as a neck rest they cushion your head and neck; or, placed at the sides of the tub, they give you a place to rest your arms.

Make for greater bathing comfort in any position: the new multifunctional cushions.

SIMPLY CLEVER. THE NEW SHOWER TRAY FOOT FRAME FR FOR QUARTER-CIRCLE SHOWER TRAYS.

To make installation of both flat and super-flat quarter-circle shower trays fast and reliable, we have expanded our range of foot frames to include these two models. The new shower tray foot frame FR offers a cleverly designed foot system, optimal noise insulation and easy mounting, ensuring distortion-free installation of the matching shower trays.

For quick and distortion-free mounting of the ARRONDO and ZIRKON: the new shower tray foot frame FR for quarter-circle shower trays.
