# Elegance, pure & simple.

Metrix New Zealand is a leading importer and distributor of premium European bathroom ware.

A singular focus on representing specialist manufacturers, who share their commitment to inspirational bathroom spaces, led Metrix to become the exclusive agency for a portfolio of high-quality, sought-after brands.

Established in 1988, the company gained an industry-wide reputation for its relentless and visionary pursuit of innovation in bathroom design. This attracted the attention of New Zealand Plumbers Merchants, who acquired it in 2007.

For an extensive range of cutting-edge products that deliver excellence in technology, performance, sustainability and design, look no further than Metrix.

**Find everything  
you need for an  
inspirational  
bathroom at  
metrix.co.nz**

Our website has been designed with you in mind as a user-friendly way to access key information.

You can search and download images, technical drawings and schedules. It's also an easy way to find matching and complementary products.

# Duravit

Duravit has been a leader in the evolution of the modern bathroom for 200 years. As an established manufacturer of luxury bathroom fixtures, furniture and accessories, Duravit continues its commitment to high quality design, functionality and aesthetics through collaborations with world-renowned architects and designers. Names such as Philippe Starck, Sieger Design, Norman Foster, Antonio Citterio, are synonymous with Duravit designs. The longevity of Duravit toilets, basins, bathtubs and furniture is due to a dedication to high quality, high end materials, sustainable manufacturing processes and timeless design.

# DuraStyle

## Design: Matteo Thun

The understated DuraStyle range designed by Matteo Thun, creates a sense of serenity and relaxation. Its simplicity of form makes DuraStyle unique and sets a new standard in the bathroom for home and commercial projects.

# Happy D.2 Plus

## Design: Sieger Design

The archetypical open oval of the Happy D. design classic runs through all the elements in this new range. Above-counter basins with precise lines, stand-alone consoles and matching cabinets as well as circular mirrors combine to create perfectly harmonised washing areas.

# Luv

## Design: Cecilie Manz

Duravit's Luv series, designed by Cecilie Manz, combines Nordic minimalism with timeless elegance. Luv is defined by precise, clear and fine forms and edges, a new design language that, both minimalist and elegant, can be interpreted in a highly individual manner.

# White Tulip

**Design: Philippe Starck**

The unusual shape of all components in the White Tulip range follows the organic silhouette of a blooming tulip and unfolds in an almost sculptural way. Philippe Starck has devised two style collections for White Tulip, "Nature" for fresh, naturally inspired bathrooms and "Culture" as an expression of urban sophistication.

# Starck 1

**Design: Philippe Starck**

Philippe Starck and Duravit have returned to the beginnings of hygiene, body care and wellness in addition to the evolution of the bathroom. A toilet, bathtub and washbasin that are unmistakable but completely reinterpreted descendants of their historic predecessors – the bucket, tub and washbowl.

# Starck 2

## Design: Philippe Starck

A true Starck, but less elaborate, was the inspiration behind the second Duravit-Philippe Starck collaboration. A range of ceramics that is the ultimate successor to its famous predecessor. Starck 2 is also inspired by the origins of bathroom design and the ceramic forms embody the flowing movement of water.

# Vero

Design: Kurt Merki Jr.

Consistently rectangular, consistently successful, the Vero range of ceramics is the archetype of minimalist form and a modern classic. With minimalist design at its core and Duravit's ceramic tradition and expertise, Vero is impressive in terms of its form, function and quality.

# Starck f

## Design: Philippe Starck

Duravit and Philippe Starck present a new shower-toilet generation, available in two versions: SensoWash® Starck f Plus and SensoWash® Starck f Lite. Convenient to operate via remote control, freely configurable via the SensoWash® app, both versions strike with a minimalist design and maximum shower-toilet comfort.

### Starck f Pan and seat

# Architec

## Design: Frank Huster

The basic architectural elements – the circle and the square – were the inspiration behind the Architec basin range and ideal for a wide variety of applications. The unusual diagonal cut of the Architec washbasin allows a generous storage surface and more space in a smaller area.

### Handrinse basin

valsir®

For over 25 years, Valsir has been Italy's largest manufacturer of in-wall cisterns and push plates. The company has achieved this position through investment in advanced material and production technologies, and sustainable manufacturing processes. Considerable emphasis has been placed on designing a range of push plate options to suit all situations. Technological innovation, attention to detail and constant quality control are the cornerstones that have always driven the design and production of Valsir in-wall cisterns.

# Valsir

# Tropea S

Tropea S represents an absolute state-of-the-art and innovative product with a flushing system designed to reduce the noise generated during use. The perceived noise is up to five times lower compared to the most widely used cistern in the market.

# AriaPur

Valsir AriaPur is a unique bathroom ventilation system, to be used with the Tropea S inwall cistern. AriaPur simultaneously removes steam and odours from the bathroom and the toilet pan itself, reducing the likelihood of any foul odours in the bathroom.

### AriaPur

<b>ARIAPUR100LED</b>	LED light, humidity sensor	100 m³/h
<b>ARIAPUR80</b>		80 m³/h

The Marblo logo is positioned in the top left corner of the image. It consists of the word "marblo" in a lowercase, white, sans-serif font. The background of the top half of the image is dark, featuring three modern, cylindrical pendant lights with exposed filament bulbs hanging from the ceiling.

marblo™

A passionate commitment to product and manufacturing innovation is at the heart of Marblo polymer-based hybrid basins and baths with their incredible resilience and strength. The inspiration and vision of architects and designers combined with Marblo's commitment to product advancement has led to a number of world first developments within the solid surface industry. This winning combination of practicality and aesthetics is sensational.

# Marblo

The bottom half of the image features a large, white, oval-shaped bathtub. The bathtub is set in a modern bathroom with marble-patterned walls and a matching marble floor. A black shower fixture is visible behind the tub. The word "Marblo" is overlaid in a large, bold, orange serif font across the middle of the image, partially obscuring the bathtub and the wall behind it.

# Marblo

## Design: Jo Brewer

The Mojo Collection of baths and washbasins, created by Jo Brewer, utilises simple shapes and elegant lines to form an almost sculptural range to suit any bathroom – modern, contemporary or classic. Marblo is warm to touch with a beautiful softer, almost silky feel, offering the ultimate indulgence.

# Glass Design

Luxury and design. The new contemporary classic.  
Located in Vinci, in the heart of Tuscany, Glass Design  
was founded in 1984 by the Borsellini family, further to  
a long tradition in manufacturing artistic glass.

# Glass Design

Both by using technologically advanced materials, such as glass, ceramic, stainless steel, and working in an artistic way with traditional materials, Glass Design contributes to the creation of a new style, where even the accessory is addressed in all details, becoming the main subject of the environment, a true “fashion” product, highly appreciated in the world and exported to more than 60 countries.

# Miena\*

The round steel enamel bowls of the Miena line appear delicate, almost fragile. The contours run in a single, gentle and harmonious curve towards the waste outlet. The angular Miena bowls are just as delicate but with a more masculine look. You almost get the sense that they are floating.

# Cristina

Cristina Rubinetterie, a premium Italian bathroom fitting and fixtures company, was founded in 1949 in Gozzano on Lake Orta. Its products for bathroom, kitchen wellness interiors and outdoor areas are designed to ensure functionality and duration, seamlessly blending with the aesthetics of contemporary interior projects. Manufactured exclusively in Italy, Cristina uses superior materials and advanced technological processes with meticulous attention to detail.

# Italy

## Design: BGR Industrial Design

The Italy range combines industrial production and artisan experience, representing the pinnacle of excellence being Made in Italy. The design is a re-proposition of modernity with the classic forms of the 1920s, characterised by the purity of shapes with the union of surface elements, to achieve a unique and timeless style.

# SX

## Design: Makio Hasuike

The materiality of the cement, combined with 316 stainless steel, expresses a harmonious contrast in line with the essential aesthetics of the series: a combination of industrial production and craftsmanship, which does not sacrifice the utmost attention to detail.

# Dornbracht

Clear, pure flowing water is the point of departure of Dornbracht's activities and the focal point of their product design work. All fittings and accessories place a clear and unmistakable emphasis on function. Materials and finishes are of the highest quality, and their pioneering design is constantly being refined. Great design, primarily by Sieger Design, has been central to the company's philosophy for many years. Dornbracht products are an expression of a distinctive bathroom culture from an acknowledged world leader in tapware.

# Lissé

## Design: Sieger Design

Lissé is full of exciting contrasts with an authentic quality that sets the tone in the bathroom – an open invitation to simply and easily enhance the interior design and treat yourself to something special: a “genuine Dornbracht”.

Accessories contribute significantly to the overall appearance of a new or refurbished bathroom so quality counts when it comes to choosing your new bathroom accessories. The Inda range is designed and made in Italy. Each piece is functional, stylish and durable. The range includes furniture, lighting and mirrors, designed to integrate into each accessory style.

# Inda

# One\*

## Design: Matteo Thun and Antonio Rodriguez

Simplicity has a new name: One. The collection of bathroom accessories combines linear and clean elements. The vastness of the assortment and formal clarity make One a very flexible solution in style and practicality.

# Dornbracht

Design or function? The two are combined in Dornbracht kitchen fittings: a style-defining aesthetic quality and the added values of professional kitchen furnishing. Dornbracht's fittings are specifically designed to provide the perfect support for the different processes at the water point.
