Installation instructions

Installation Instructions

Flush piping system prior and after installation of fitting thoroughly!

This product must be installed in conformance with local codes e.g. AS/NZS 3500 series of standard!

Installation and connection, see Figs [1] to [6].

Refer to the dimensional drawing above. To be installed with 33961000 concealed body. **PLEASE NOTE** – Face of noggins need to be positioned a minimum of 43mm & a maximum of 73mm from where the finished wall surface will end up.

Note:

When installing concealed mixer body, please note it must be mounted onto timber or solid walls using appropriate reinforcement to ensure sufficient strength.

Open cold and hot water supply and check connections for leakage!

Care

For directions on the care of this fitting, please refer to the accompanying care instructions.
